

## AIHA Kicks Off Collaborative Training Series Linking LIP-H and EPSS Partners

Drawing on our experience implementing the highly successful Leadership Incubation Program for Health (LIP-H), AIHA adapted the training course to meet the specialized needs of the [Ethiopian Pharmaceutical Supply Service](#) (EPSS) and conducted the first training session November 18-22, 2024. Opening remarks were provided by EPSS Director of Human Resource Administration and Development Zinash Demissie followed by an overview of AIHA programs delivered by AIHA Country Director Kidest Hailu.

Key training objectives are:

- Equipping the trainees with a general understanding of LIP-H / EPSS program
- Providing an understanding of the role of mindset in affecting one's purpose
- Introducing interactions of health system building blocks with the role of leadership
- Familiarizing trainees with listening skills approaches and reflective learning
- Introducing the Toastmasters program

Training topics include:

- Overview of LIP-H rules and regulations
- Alumni Journey
- Mindset Concept
- Leadership Concepts, Theories, and Relevance to the Health System
- Ethics and Governance in Pharmaceutical Supply Chain
- Health Workforce
- Service Delivery
- Health Financing
- Guest Speakers
- Supply Chain Management for Health and Leadership
- Health Information Systems
- Overview of Toastmasters
